

## OUR TRACERY PANELS ARE LOOKING UP

We studied plaster-based tracery installations from around the world with the objective of fabricating similar stunning patterns in a more cost-effective format.

Consider this. The large format panels are designed to allow users to mix and match with any of the other large format designs therefore allowing for an endless combination of unique patterns.

The customizable products are milled out of high-performance synthetic materials therefore will not rot or rust, are light-weight, durable, paint grade, affordable and installed with standard woodworking tools and processes.

Available Thicknesses Include: 1/4", 1/2", 3/4", 1" and 1-1/2"
